

LIST OF THE PRIZES

AWARDS OFFERED FOR WINNERS IN THE STATE MEET.

Is Completed by the Select Knights of Rest Cycling Club, and include Many Valuable Articles Which Will be Given to Men Who Prove Themselves Speedy at the Meet Next Friday and Saturday—George Powell, the clever trick rider, will also be here to amaze the people with some of his startling feats.

The prize list of the Select Knights of Rest Cycling club meet of the Kansas state circuit has been completed and by reference to the program below it will be seen that many valuable and useful articles are offered the amateurs, while gold coin will be the reward for the professional riders who are speedy enough to come in first, second or third at the races to be given in Griswold Park, Friday and Saturday afternoons. The aggregate value of these prizes is over \$600 and a good share of them will be paid out in the coin of the realm worth one hundred cents on the dollar in any country. The boys have used every endeavor to make this meet success and give satisfaction both to the public and the riders. A large number of additional entries were received yesterday morning, including those of E. P. Maule of Kirkwood, Mo., who last week broke both the amateur and professional competition record by going a mile in the fast time of 2:06 in an open race; William De Cady of Chicago, Charles Hoyer of St. Paul, Minn.; Jos. H. Hooker of Kansas City; R. D. Hunt of Kansas City, John A. Conover of Kansas City, and other fast men.

As an additional attraction, the club yesterday wired and engaged George Powell, the clever trick rider, to give a grand exhibition each day. Powell is one of the best trick riders in the United States and has given exhibitions in all the large cities all over the land. His tricks this year are all new and better than he ever attempted before. Those who saw him last year did so when he was under a disadvantage of a country track. At Griswold Park, where he will ride, the track will be solid and smooth and the people can look for some wonderful riding. The club is to be congratulated on securing this attraction. A. Beffel, our home track rider, will also give his exhibition and thus afford other amusement than the racing.

Many citizens have suggested that the banks, city offices, freight and express offices, and as many other business houses as possible close Friday afternoon at 1 o'clock, and make that day be called "Wichita Day." All the other towns on the circuit which have a two days' meet closed up one day and went to the races. They only come once a year and are worth seeing. Saturday will be known as "Record Breaking Day" and every race will be to break a record.

Five mile, open, professional—One first prize of \$50 in gold.
One mile, 220 class, amateur—First prize, bicycle, value \$45; second prize, Smith & Wesson revolver, value \$15; third prize, traveling bag, value \$5.
Fancy trick riding by George Powell of Fort Scott, and A. Beffel of this city, will be interspersed during the program.

Tickets have been placed on sale at Mosbacher's, Shoemaker & Miller's, C. H. Burd's, Thos. Shaw's, Hettner's, C. H. Mackey's, Rummel's, Goldsands's, Musselman's and other places down town to accommodate the people who wish to buy in advance and avoid delay at the gate. An exceptionally large crowd is assured and many visitors will be in town. Those who wish to catch their trade should decorate in purple and white, the official colors of the meet.

should be in every home, in every office, in every workshop. A temperature drink, more healthful than ice water, more delightful and satisfying than any other beverage produced.

Reds was played at Riverside Park, and the "Ruddy Reds from Winfield," when the agony ended, sailed forth to meet the 5:30 south bound Santa Fe train with three large juicy victories packed into their grips. The result of three days' picking in the city.

The game was called at 2:30 to allow the Winfield team to return home on the afternoon train, and was witnessed by a crowd of 300 or 400. The game presented some failures to bat, to field and to run bases, which tells briefly a tale of mournful defeat.

Sprightly Charlie Strawn did box duty for the blues. Six to two against them in the fourth inning, the Reds jumped in and by dint of errors, hits, gifts and jolts with the umpire won out an indifferent game.

Young Mr. Donivan, he of the auburn locks, and pleasing smile, did the "re-pentance" for the visitors, and the way the Blues opened on him gave evidence that they intended to end his career there and there, but the trouble only lasted three innings, and thereafter he steadied down and became very effective. As the game progressed it exhibited more of a similarity to the real article and some good work was done.

White's work in right was excellent, he making two difficult running catches of high flies with men on bases. Jack Taylor handled the indicator and gave about as much satisfaction as a judge at a baby show. His decisions were the provocation of much dispute and players on both sides were continually questioning his judgment until the wrangling, jawing and kicking with this much beleaguered individual formed a feature of the game to endure and disgusting to witness. Winfield plays Newton this week at Emporia for three contests with the stormy team of that city. The score:

THIRTY-SIX WARRANTS ISSUED
Papers for People Who Have Not Paid Dog Tax.

Yesterday Chief Campbell took up the dog question and thirty-six warrants were issued for people who have failed to put up the little dollar and a quarter.

The chief says that the city law must be enforced, and the dog ordinance is part of the city law, and right or wrong, the tax must be paid while the law requires it.

IT'S AN OLD TRICK
There is Method in the Madness of Mary Patton.

The following letter from Arkansas City would seem to throw some light on the attempted suicide of Mary Patton, published in the Eagle Saturday morning:

Arkansas City, Kan., Aug. 13, 1897.
To the Editor of the Eagle.

I see by your paper today that Mary Patton took morphine at the Lincolnton hotel after staying the same length of time, and see that in both cases she took good care to let it be known in time. I think she does it for notoriety, and I think she has no notion of killing herself, but wishes to create a sensation. She leaves a letter to her mother, telling her how wrong she has done, then she keeps on doing the same.

ROSE TAKES AN APPEAL
Sues County Commissioners in the District Court.

Corner Rose, who put in a bill for an inquest over the remains of old man Rowley, and had that same bill knocked out by the county commissioners, has appealed to the district court and says he will stay to the finish.

One of the county officers in speaking of the matter said yesterday that the Kansas supreme court had never ruled on the matter, but that the supreme court of Missouri had decided point blank that the coroner is his own authority and the tribunal of highest resort in deciding whether an inquest is necessary. The county commissioners simply hold that the Kansas law does not warrant unnecessary expense in holding inquests, and that this certain inquest was very unnecessary and useless.

MORRIS FINED FIFTY DOLLARS
He Will Appeal the Case to the District Court Today.

A. M. Morris was tried yesterday before Judge Hutton for assaulting John McMillen in Capt. Peters' jail last Friday morning. The evidence showed that some very vulgar names were called and the language was very immoral. Judge Hutton, after listening to the arguments of Mr. John Davis and City Attorney Adams and the testimony, fined Morris \$50 and costs. Morris immediately filed a bond and will appeal the case to the district court.

OUT AFTER THEM

LARGE NUMBER OF DEMO-POPS AFTER NOMINATIONS.

Those Who Want the Nominations are Letting Their Wits be Known—A Few Have Actually Been Urged to Allow the Use of Their Names—Plenty of Candidates for All the Places With More Democrats Running Than Pops When Noses Were Last Counted—There Will Likely be a Few More Enter the Race.

Last Saturday at precisely 5:30 in the afternoon the Demo-Pop conference committee adjourned sine die. It was just three seconds later that a hungry horde of candidates sprang up like weeds after a summer shower. Some have been pronounced candidates since last fall, while others consented to allow the use of their names as soon as the division was known. Those on the inside knew long before the conference met what the division would be and had begun an active campaign, totally casting aside the old Populist rule that the nomination seek the man. This made some of the candidates sore that a select few should be given the advantage.

There are five candidates now after the nomination for sheriff. If the number increases in proportion as it has in the past three days, then all the Populists in the county will be candidates. Those mentioned for sheriff are Lewis Butterfield, Dal Wimple, Joe Furniss, Seth High and Jim Williams of Mt. Hope. Dal Wimple and Lou Butterfield have been candidates for a long time and they both seem to be in the lead, as both are carrying on an active canvass. For registrar of deeds, the present incumbent, Mr. E. L. Carls, will have no opposition. For coroner, Dr. Rose will seek a re-nomination, but he will have a hard fight for the place with Dan Turney.

The Democrats who want places are as thick as flies around a sugar barrel. For treasurer, T. B. Cartwright is going after the nomination like a streak of lightning, and he seems to have all the best of it. Honey Smith has again consented to allow his name to be presented for treasurer after being urged by his many friends. He may yet reach out and grab the nomination. Jim Burton is spoken of as the man for the place by a few intimates. J. C. Mayall of Valley Center and Tom Pratt, just north of town, have shied their castors into the ring. Ed Rosey is making the race for county clerk with the chances that he will walk off with the nomination. Mr. Harry Stewart is frequently mentioned by the Young faction as being about the right size. Albert Christman and G. W. Ebey of Wichita township are now and then spoken of in connection with the place. For surveyor R. M. Brown and Oliver Mulvey will contest for honors, with the probability of a deadlock coming out on the track from Clearwater.

Only two Silver Republicans have been sprung for county commissioner. Mr. J. E. Howard, member of the board of education, is frequently mentioned, while Mr. Newt Gant is also spoken of.

FOUND A DYNAMITE BOMB
Harper Temperance Crusaders are Getting Desperate.

It is reported here that A. H. Brown, who owns a confectionery store in the Merrick block, next to the largest building in Harper, found a dynamite bomb while clearing refuse at the rear door of his store and directly under the joint run by Charles Holmes.

No clue to its owner has been found, but it is said to be the work of the "joint" crusaders, who have been active of late and who have worked up considerable opposition. Brown had previously been warned.

ANOTHER PACKING HOUSE RUMOR
It is Reported That There May be a Change in the Whittaker Plant.

It has been rumored on the streets for several days that a change was about to take place in the Whittaker packing house, and a number of other reports grew from this, one of which was to the effect that the plant would start up to its full capacity next October. There have been so many packing house rumors, however, in the past, that little belief was tendered this last report.

The condition of the surrounding country, however, is such that a reumption of the plant's full capacity is not at all unlikely. Mr. Whittaker, it is said, will not retire from the company as he regards the institution as a valuable one. He may, however, associate other capitalists with him. Inquire yesterday failed to reveal any chance for an immediate change.

DIED AND BURIED AT SEA
Father of David Wallace Passes Away on the Ship He Commanded.

Mr. David Wallace, manager of the Whittaker packing house, has received word by cable of the death of his father, and will soon leave for Scotland. Mr. Wallace's father was the owner of a line of passenger steamers running from the north of England to the Baltic sea ports, and while he had practically retired from a seafaring life, it was his custom to take command of a steamer and travel, as much for recreation as anything else. Four weeks ago he was exposed to a fever in port and a few days later took sick at sea and died suddenly. The weather was sultry and proper embalming chemicals wanting, so he was buried in the waves upon which he had spent his life. His wife who was very sick, was further prostrated by the news.

Weak, Tired, Nervous
Liver and Kidney Troubles and Palpitation of the Heart—Appetite Poor and Could Not Sleep.

"For nearly 10 years I have been troubled with my liver and kidneys and palpitation of the heart, and was under the doctor's care most of the time. I could not lie on my left side. My appetite was poor and I could not sleep. In January the grip low and in December, I was very low and was attended by the very best physicians. I could get it seemed as though nothing would help me. In March I began taking Hood's Sarsaparilla. In less than a week I could get a good night's sleep. I continued taking Hood's Sarsaparilla and I am now able to lie on my left side which I had not been able to do for years. My appetite is good and I have gained in flesh and strength." DOCTOR CAVE APPOINTED
Is Main County Physician in Place of Dr. Thon.

Dr. M. W. Cave was appointed county physician yesterday in place of H. B. Thon, resigned.

Dr. Cave is a graduate of the Louisville medical college and has been tugging away at Kansas diseases since 1886, which experience will enable him to handle the county work well. He has lived in Wichita four years.

DEATH FROM A CANCER
Hon. Chas. Maxwell Died Yesterday Morning.

Hon. Charles Maxwell, who was elected to the legislature from Grant county last fall but who never sat through a single session on account of sickness, died in this city yesterday morning, at 1110 North Emporia avenue. Soon after his election Mr. Maxwell went to Buffalo, N. Y., for treatment of cancer, and being unable to return, was granted permanent leave of absence by the house and allowed his pay. He never recovered so that he was unable to sit through a single session of the house, but gradually grew weaker. The remains will be taken Benton day after tomorrow for interment.

COMMISSIONER DILLARD HERE
Tells What the Board Will Do During the Coming Week.

W. P. Dillard, state railroad commissioner from Fort Scott, was at the Carey yesterday enroute to Lyons, Kan., where the board is to hear arguments today regarding alleged unjust freight rates imposed by the Santa Fe. After the Lyons meeting, Mr. Dillard said, the board would meet at Yates Center to try and adjust some coal rates. From Yates Center the board will settle some matters at Fort Scott pertaining to some switches.

STAMP OFFICE OUT

ORDER FROM MIKE SUTTON CLOSES WICHITA AGENCY.

Office for Distribution of Revenue License Stamp is Taken From Wichita to Law. enworth—Order Came From Mike Sutton Sunday and Probably Shots Off Any Further Effort to Re-establish Deputy Headquarters in This City—Works an Injustice to Many Wichita and Oklahoma People.

The revenue stamp office in this city was closed yesterday. Last February this, the fourth district of Kansas, was divided, the counties of Sumner, Sedgwick, Harvey and McPherson going to the eastern division with headquarters at Parsons, and the rest of the district west to the Colorado line, was thrown in with Oklahoma, under Deputy Collector Charles E. Howard, at El Reno, O. T. That abolished deputy headquarters here in Wichita but the stamp office was allowed to remain for all this territory, with Henry Huttman in charge. It was thought that the office would be continued, even though deputy headquarters should not be established again. For the city of Wichita alone the stamp office here was a great convenience. There are more than one hundred concerns here that are required to use the license stamp in the conduct of business to say nothing of the fifty other towns of this district and Oklahoma that must now go to Leavenworth for all license supplies in the way of stamps. This to Wichita means at least three days time and to all Oklahoma from a week to ten days. Beside putting the business men of Wichita and Oklahoma out in the matter of time it is simply taking from them a place that Wichita is entitled to. This territory tributary to Wichita is larger, or at least as large, as any district in this state or the central west states, and is second in business done only to the district with Missouri river towns and eastern cities included. It is an injustice to the thousands of more users of revenue stamps in this territory. Not many people in this city but thought all along that the deputy headquarters would be re-established here, but the abolishment of the stamp office would seem to remove the last vestige of any early plan to that effect.

Henry Huttman, who has won lots of friends in this city and district in the last four years by his prompt and courteous management of the stamp office, will devote his entire time to the practice of law.
